Cyber Security Consultant - CISOAdvertiser:
Hudson**17 May 2019****Melbourne, CBD & Inner Suburbs****\$900 - \$1100 p.a.****Contract/Temp****Information & Communication Technology, Security**

As the Cyber Security Consultant (CISO) you will provide leadership and oversight in the strategic planning, assessment, and operational execution of all cyber security strategies, policies and procedures across 3 Federal Agencies. Establish and maintain a comprehensive information security program to insure that all information assets are adequately protected against current/future internal/external threats.

The role will be an initial 6 month contract with the likelihood of an on-going engagement.

Responsibilities

- Current State Assessment
- Establish Governance
- Develop Frameworks
- Set Strategy and Operationalise

This is not a consultant role to purely provide strategic advice, this role is a senior level practitioner who has previous CISO operational and delivery experience with a proven ability to integrate the strategic perspective with the on-the-ground reality of delivery.

Skills / Experience

- Proven track record and experience in developing information security policies and procedures, as well as successfully executing programs that meet the objectives of dynamic business environment.
- Baseline Security Clearance
- Strong technically ie. current experience with security solutions and systems / testing web applications for security vulnerabilities.
- Proven experience in the implementation of Information Security frameworks
- A master of influencing entities and decisions in situations where no formal reporting structures exist, but achieving the desirable outcome is vital.
- Knowledge of common information security management frameworks, such as Essential Eight, ISO/IEC 27001, VPDSF, ITIL and COBIT
- Professional security management certification such as Certified Information Systems Security Professional (CISSP), Certified Information Security Manager (CISM), Certified Information Systems Auditor (CISA) or other similar credentials.
